

6th form Transition work

Subject: Mathematics

Exam Board: Edexcel

Instructions for transition work

All the worksheets are topics that it is essential you have a strong understanding of in order to undertake A Level Maths. You can choose to complete these in any order you choose, making sure you use the answers to check your work as you go along

Transition work that must be completed prior to starting the course:

All topics must have been attempted and you will be expected to bring your completed work with you to your first lesson as well as it being marked. This will form part of the first assessment in the Autumn term. The first few lessons will involve filling in any gaps where necessary. All worksheets can accessed using the link below:
